

YES... YOU COULD HELP THE STREET KIDS OF KENYA

SAY YES TO ORPHANS

Scout Enterprises (Western) Ltd have become official sponsors of Youth Education Support (YES) International, a newly registered charity, focused on the development of vulnerable young people in Kenya.

The aim is to provide orphans, often known as 'street kids' as they have no where else to go, with accommodation, food, clothing, and health care. In addition the project will pay for their school fees and other educational needs including school uniforms. As this is a Scout based charity, the orphans will also be enrolled in the YES Scout Group registered with the Kenya Scout Association, further encouraging their mental, physical and spiritual development.

MORE SPONSORS ARE NEEDED - CAN YOU HELP?

The Scout Enterprises (Western) sponsorship is for a year but obviously the YES project hopes to continue to care for the orphans for many years to come. To enable it to do this, more sponsors are required after the company sponsorship finishes in March 2005.

We are inviting members of the company to think of ideas to raise extra money that will enable the charity to carry on its work.

Alan Beavis says, "I have seen at first hand, how a small amount of money can bring proportionally great benefits to children in Africa. By supporting the YES project we can help rescue children with very little prospects and give them the chance to become responsible citizens of their local and national communities."

To provide all these facilities for one child cost £20 a month. Even schooling has to be paid for. Sponsors may select a group or an individual orphan to sponsor. YES will ensure that 100% of the money raised will go directly to help the orphans, with administration expenses covered from other sources.

Could your Centre or Project devise a fund raising activity that would sponsor one orphan for a year? Will you help give a child a new chance in life? We look forward to hearing your ideas.
